

This is a new Section 5.3.17.2.3.4. Section heading numbers of the remaining sections in Section 5.3.17.2.3 are increased accordingly.

5.3.17.2.3.4 South Variant Alternative.

The South Variant Alternative construction air quality effects would be the same as described for the South Alternative in Section 5.3.17.2.3.1.

5.3.17.4 Cumulative Effects

This is a new Section 5.3.17.4.4. Section heading numbers of the remaining sections in Section 5.3.17.4 are increased accordingly.

5.3.17.4.4 South Variant Alternative.

The South Variant Alternative would have the same cumulative effects on air quality as described for the South Alternative in Section 5.3.17.4.1.

5.3.17.5 Unavoidable Adverse Effects

This is a new Section 5.3.17.5.4. Section heading numbers of the remaining sections in Section 5.3.17.5 are increased accordingly.

5.3.17.5.4 South Variant Alternative.

The South Variant Alternative would have the same unavoidable adverse effects on air quality as described for the South Alternative in Section 5.3.17.5.1.

5.3.18 Noise

5.3.18.2 Environmental Effects

5.3.18.2.3 Noise Effects.

This is a new Section 5.3.18.2.3.4. Section heading numbers of the remaining sections in Section 5.3.18.2.3 are increased accordingly.

5.3.18.2.3.4 South Variant Alternative.

The South Variant Alternative would have the same noise effects as described for the South Alternative in Section 5.3.18.2.3.1.

5.3.18.4 Cumulative Effects

This is a new Section 5.3.18.4.4. Section heading numbers of the remaining sections in Section 5.3.18.4 are increased accordingly.

5.3.18.4.4 South Variant Alternative.

The South Variant Alternative would have the same cumulative noise effects on sensitive receptors as described for the South Alternative in Section 5.3.18.4.1.

5.3.18.5 Unavoidable Adverse Effects

This is a new Section 5.3.18.5.4. Section heading numbers of the remaining sections in Section 5.3.18.5 are increased accordingly.

5.3.18.5.4 South Variant Alternative.

The South Variant Alternative would have the same unavoidable adverse noise effects on sensitive receptors as described for the South Alternative in Section 5.3.18.5.1.

5.3.20 Ethnographic Resources

5.3.20.2 Environmental Effects

This is a new Section 5.3.20.2.3 and Section 5.3.20.2.4. Section heading numbers of the remaining sections in Section 5.3.20.2 are increased accordingly.

5.3.20.2.3 Southeast Corner Alternative.

The Southeast Corner Alternative would have the same effects on sites as described for the South Alternative in Section 5.3.20.2.1.

5.3.20.2.4 South Variant Alternative.

The South Variant Alternative would have the same effects on sites as described for the South Alternative in Section 5.3.20.2.1.

5.3.20.3 Protection, Mitigation and Enhancement Measures

This is a new Section 5.3.20.3.4. Section heading numbers of the remaining sections in Section 5.3.20.3 are increased accordingly.

5.3.20.3.4 South Variant Alternative.

The protection, mitigation and enhancement measures for sites under the South Variant Alternative would be the same as described for the South Alternative in Section 5.3.20.3.1.

5.3.20.4 Cumulative Effects

This is a new Section 5.3.20.4.4. Section heading numbers of the remaining sections in Section 5.3.20.4 are increased accordingly.

5.3.20.4.4 South Variant Alternative.

The South Variant Alternative would have the same cumulative effects on sites as described for the South Alternative in Section 5.3.20.4.1.

5.3.20.5 Unavoidable Adverse Effects
